

Sisal for Square or Round Bales

Brazilian

Our Brazilian line represents premium-quality sisal twines by COSIBRA, Brazil's most experienced twine manufacturer.

Brazil's extra-long and strong fibers ensure uniform knotless twines for both square and round bales.

Features include:

- Extra-long fibers for consistent trouble-free baling, uniformity, and true length
- High tensile and knot strength
- Specially treated to resist rodents and insects
- Biodegradable

- Carry Handles.
- Edge Guards
- Unique ID Nr.

SPECIFICATIONS

48" x 12,500'	•	64" x 9,000'
51" x 11,500'	•	67" x 7,000'
64" x 7,000'	•	67" x 8,500'

Protect Your Investment

You spend a great deal of time and energy in the preparation of your crop and so you have a big investment to protect.

Choosing the right crop packaging product may be the most critical decision you make in the baling process and it is one of the most important. By selecting a quality net or twine that suits your specific needs, you are wisely protecting your investment by eliminating the possibility of down time and crop loss.

Remember, our business is the manufacturing and distribution of premium quality products for hay and straw packaging. You can rely on our expertise, reputation and knowledge that we know your business needs and work to meet them.

The Right Product for Your Baling Needs

Netwrap for Round Bales

Kubota Netwrap

The Next Generation in Bale Wrap Technology

- **Reliable and consistent.** For a trouble-free baling experience – every time.
- **Edge to Edge™ technology** for perfect bale coverage.
- **Zebra System™.** A clear Left-Right indicator for easy and correct loading of the roll into the baler every time. Plus, at feeding time, user can quickly see which direction to unroll the bale.
- **Red End Warning.** Indicates to the operator that the end of the roll is approaching. The red stripe marks the last 240 ft.
- **Guaranteed Length.** Every roll contains at least the guaranteed stated length, not a “plus-or-minus” average.
- **Carry Handles.** Easier and safer handling.
- **Edge Guards.** Protect roll from damage.
- **Unique ID Nr.** Enables tracing of full production details.

PP Twine for Square and Round Bales

Orangeline™ & Balebind™

A premium grade fibrillated split-film twine

- Manufactured with 100% virgin polymer resins.
- UV light inhibitors to withstand intense exposure.
- Uniform shape and consistency for trouble-free running in the baler.
- Vermin and rodent resistant.
- Clearfield™ solar PP twine also available.

SPECIFICATIONS

Large Square Bales

- 4,000 ft. – BT 350# knot strength
- 4,000 ft. – BT 450# knot strength
- 4,000 ft. – BT 500# knot strength
- 4,000 ft. – BT 550# knot strength

Small Square Bales

- 10,000 ft. – BT 190# knot strength
- 9,600 ft. – BT 170# knot strength
- 9,000 ft. – BT 130# knot strength
- 7,200 ft. – BT 170# knot strength
- 6,500 ft. – BT 240# knot strength

Round Bales

- 20,000 ft. – BT 110# – tensile strength
- 20,000 ft. – BT 130# – tensile strength
- 20,000 ft. – BT 150# – tensile strength

Monofilament Twines

- 20,000 ft. – BT 110# – tensile strength
- 20,000 ft. – BT 125# – tensile strength
