TamaTwine+ Large Square Baler twine

TamaTwine+ for Large Square Bales comes in a range of products designed to suit your needs. Choose the strongest twine for your most demanding conditions, or opt for the longer ball length. Whichever twine you choose, you can count on high performance that will not let you down.

350

400

450

550

600

650+

Country Mile 5300/350
Country Mile 6200/350*

Maximum length for use in all crops and balers where a higher density is not needed.

TamaTwine+ 4750/400
TamaTwine+ 5830/400*

A longer option for standard density hay, straw or silage bales.

TamaTwine+ 4400/450
TamaTwine+ 5400/450*

The best performing option for all crops and balers where high density is required. Use it for silage and for high density hay and straw bales.

TamaTwine+ 4300/550
TamaTwine+ 4700/550*

A longer length option for High Density balers in springy crops such as grasses, straw and cornstalks.

TamaTwine+ 4100/600*

For High Density balers where ultimate performance is required. Use it for straw in conditions of extreme density or high temperatures, short straw, and corn stalks.

TamaTwine+ 3000/800*
TamaTwine+ 3500/700*
TamaTwine+ 4000/650*

For High Density balers in the most extreme conditions of high temperatures and density. Ultimate performance in short straw or cornstalks.

* Tall bale: Max Height 14.8", Max Diameter 12"

OEM Approved

Uniform Bale Shape

Tama USA

Tama USA was established in 1980 in Dubuque, Iowa as Ambraco Inc., a company that specialized in the nationwide distribution of crop packaging products in the USA. In 2014, Ambraco joined the Tama group – an international company based in Israel that is the world leader in crop packaging. As of 2017, Ambraco completed the transition with a name change to Tama USA Inc.

Service

Tama USA continually invests significant efforts in supporting and improving its customer service. The company has 14 different storage locations around the USA to assure timely and efficient supply of the product. In addition, Tama USA has developed a unique in-field customer service function to support its dealers and their customers throughout the baling season.

**They know what I need,
because they're farmers too.**

Tama has a unique mix of agricultural experience and manufacturing expertise. Tama's products for crop packaging are made to run reliably and consistently – every time. As farmers ourselves, we understand why this is critical for you.

Our ability to identify and support the needs of our customers have enabled Tama to become the world's leading supplier of Baler Twines.

We've got you covered.
